Novel Coronavirus Disease (COVID-19)

MYTH BUSTERS

Can pets at home spread COVID-19? **NO!**

There is no evidence that pets such as dogs or cats can transmit COVID-19

 However, it is always a good idea to wash your hands with soap and water after handling pets!

Novel Coronavirus Disease (COVID-19)

MYTH BUSTERS

Are hand-sanitizers the only solution to protect oneself from COVID-19?

NO!

Practising frequent hand washing with soap and water is the most effective way to stay protected from COVID-19

 However, if you don't have the facilities of washing your hands with soap and water, use an alcohol-based hand sanitizer
